### **Water, Water Everywhere**

*Although this summer has been relatively dry around Roselle, 30 years ago Mother Nature was at the other extreme!*

*In 1987, approximately 9 inches of rain fell through the night and morning of August 13 and 14. Flooding was widespread throughout the area.*

*This photo was taken near the intersection of Hattendorf and Bokelmann Streets where the water was waist deep.*

*The Roselle History Museum and your Library have digitized hundreds of photographs (like this one) from Roselle's past and created a collection on the Illinois Digital Archives (IDA) site. Learn more about the collection on the Library's website. Then try it yourself! Browse to the IDA and type a word or a name into the Search box.*
